HISTORICAL BACKGROUND

The OSC was founded in 1910 by a group of jumpers, who erected a jump in Rockcliffe Park. In 1921 the first Camp Fortune Lodge was built. In 1932 it burned down and the present structure arose from its ashes. Park Lake Lodge was built in 1924, and presently will be moved to the Fortune Area. Lakeside Lodge was built in 1943, Alexander Chapel in 1957 and new construction of the new Skyline Lodge is underway. The club owns 400 acres of the best ski terrain in the Gatineau National Park Area and in the last forty years, largely by volunteer labour, cleared and developed a network of lifts and trails extending from Camp Fortune into the surrounding area. 1960 is the Club's 50th Anniversary.
